1. Art Mc Millan
2. Bruce Brooks
3. Jay Ketter
4. Denny Davidson

Team League Rules

The Team League is an adjunct to the Thursday Men's Red/Green Individual League

The league will consist of 7 teams with 4 players on each team. Team's scores are based on the individual's scores of each person on a designated team each week.

If a person, on a team, doesn't play on a given week, because they didn't sign up, they couldn't play or they signed up but couldn't play because there were not enough people signed up to have a court assigned, will receive 10.75 points to their team total. The player who doesn't play will receive 0 points towards their individual scores because they didn't play.

The team's total weekly score is determined by each team member's individual scores plus the automatic non-playing score of 10.75 for a team member who didn't play.

At the last week of the session, each player on a team, is automatically awarded their highest score for the session, added to their team's total to determine the team's final total score. The winner of the league is determined by this final score.
